STUDENT HANDBOOK

Preface

Dear Students,

Welcome to the SJPI-NICM family!!

An educational institute has a big responsibility to shape the future citizens of the world. Our National Institute of Cooperative Management (NICM) with over 27 years of experience in imparting quality education, experiential training, and continuous research, is one of the best institutes in Gujarat, which will always remain indebted to the former and founder chairman, Late Shri Jairambhai Patel for his vision, perseverance, passion and dedication to shape this institute. In memory of our loving and founder chairman, the two-year full-time, Master of Business Administration (MBA) Programme, affiliated with Gujarat Technological University, was renamed as Shri Jairambhai Patel Institute of Business Management and Computer Applications (SJPI), which has taken up this responsibility to nurture young minds for the progress of the nation. I feel proud and happy to make you a part of the NICM-SJPI family and pray to Almighty God to bestow you with wisdom, knowledge, self-development, excellence and success.

The purpose of this Students' Handbook is to give students and their parents/guardians an understanding of the general rules and guidelines for attending and receiving an education in our Institution. It also includes policies and procedures of Shri Jairambhai Patel Institute of Business Management and Computer Applications. Although we have attempted to include most of the regulations governing our Master of Business Administration Programme, Students and parents/guardians should be aware that this document is reviewed annually since policy and procedure adoption is an ongoing process. The most recently adopted policy or procedure will always prevail. The handbook may be amended at any time and those changes will be communicated by the administration to the staff, students and parents/guardians.

Our institute cares for the individual development of every student. We accord prime importance to the behavioural discipline, moral integrity and cognitive development of our students. Our teachers strive to teach not only academic programmes but also life skills needed for students' self-development with highly qualified, resourceful, and experienced faculty.

I wish that our collective journey for this academic year may start with the blessings of the most memorable soul Shri Jairambhai Patel, who would eternally guide us, protect us, nurture us, and help us to become virtuous global leaders of progress and peace.

Prof. (Dr.) Jigna Trivedi,

Director-I/c - MBA Programme, SJPI - NICM

1. Vision And Mission Of The MBA Programme

Vision

To create global leaders of excellence in management and research for societal development.

Mission

NICM-SJPI aims to be an institute of international repute by providing a conducive learning environment with value-based quality education, training, industrial exposure, consultancy, and research to build professional proficiency among individuals equipped with moral values.

M1: To impart value-based quality education for building professional proficiency.

M2: To encourage individuals in conducting research and problem solving.

M3: To provide industrial exposure and training for developing global leaders.

M4: To be an institute of international repute inculcating moral values.

2. History Of The Institute

National Institute of Cooperative Management Gandhinagar is promoted by Gujarat State Cooperative Bank Ltd. in 1995 with the objective of providing management education, training, research and consultancy support to the corporate world as well as to the co-operatives and rural development organizations in India. It is noteworthy to mention that during the span of one decade only, the Institute has achieved several milestones, and it has been recognized as one of the eminent institutes of higher education and ranked one among the top five self-financed B-Schools in Gujarat State.

The postgraduate centre at NICM has been renamed as Shri Jairambhai Patel Institute of Business Management from 2008-09. NICM Trust is founded by the Gujarat State Cooperative Bank Ltd. In order to make the management of co-operative organizations more professional, it calls for matching the specific but unmet needs of the sector with the formal techniques and skills of the management profession. Linking the two are the 'leaders and managers' prepared by SJPI through its two-years full-time MBA programme and Management Development Programmes (MDPs). Over the years, NICM has provided management training, support and research facilities to students committed to rural development, and in this process, it has brought within its ambit several co-operatives, non-government organizations, government development agencies, international development organizations and funding agencies.

SJPI is renowned for its world-class infrastructure, excellent learning environment, quality and all-around edification through its multifaceted teaching-learning methodology, dynamic placement support through its placement cell etc. While its B-School is consistently ranked among the top B-schools in Gujarat, besides conducting two years of full-time MBA programmes, approved by AICTE, MHRD, Govt. of India and affiliated to Gujarat Technological University, the Institute has already established the Centre for Research for Ph.D. in the fields of Management, Commerce, Cooperation and Communication. The Institute has also established a Centre of the Society for Creation of Opportunity through Proficiency in English (SCOPE)

approved by Government of Gujarat; Agriculture Cooperative Staff Training Institute (ACSTI) accredited by NABARD; Centre for Professional Excellence in Co-operatives (C-PEC), accredited by Bankers' Institute of Rural Development, Lucknow and Centre for Management Development, Research & Consultancy. SJPI has extensive collaborative arrangements with leading institutions and universities countrywide.

NICM – SJPI Campus is located at the entry point of Gandhinagar city, which is about 30 km from Ahmedabad. It is conveniently placed in terms of accessibility to a large number of academic and development institutions; the more important of these are IIT, NID, NIFT, DAIICT, Gujarat Central University, NIRMA University, Pandit Deendayal Energy University, National Forensic Sciences University, Bhaskaracharya Institute of Space Applications and Geological Research (BISAG), Gujarat Institute of Disaster Management, National Law University, Kadi Sarva Vishwavidyalaya University etc. The Institute's campus is spread over a landscaped twenty-five-acre site adjacent to the Info city and BISAG. The campus is fully residential equipped with students' hostels, mess, lecture halls, seminar rooms, library, faculty and administrative offices, auditorium, executive training and development centre, faculty and staff housing quarters and other support facilities.

SJPI – NICM is the preferred destination for students, faculty, and recruiters. The experienced faculties who have proven themselves in their respective fields provide an excellent blend of rigor and relevance in their teaching. The support staff who are ever ready to reach out is an asset of NICM. Robust industry interaction and research aimed at solving problems of real work reflects the true identity of NICM. SJPI-NICM has an exemplary track record in career counselling and placement facilitation – combined to provide a rare synergy that transcends artificial barriers and enables students to follow their hearts with passion and confidence.

3. Introduction To MBA Programme

The MBA programme is governed by AICTE and affiliating University Gujarat Technological University (GTU). MBA is a Two-year full-time programme with a total of 4 semesters. The programme is a combination of Classroom teaching & Organizational internship and Projects.

Year one of the MBA programme consist of two semesters, Semester I and Semester II. After completing the MBA semester II university examination, the students need to undertake a 4 to 6-week summer internship training in an organization.

In the second year of the MBA programme, the students have to choose their specialization, sectoral and functional electives. Once the specialization is selected in semester 3 cannot be changed in the subsequent semester.

In the subsequent paras and tables detailed information along with the breakup of the evaluation pattern is discussed.

Semester I

Semester I consist of 7 full 4 credit subjects and 1 non-credit subject. There will be External and Internal evaluation for all the full credit subjects. For non-credit subject, there will be only external evaluation. The

students must get minimum passing marks in the non-credit subject. However, its grade / marks will not be counted for result / grade/ percentage calculation.

4. Evaluation Of Performance

Evaluation is an integral part of education system as it is instrumental in identifying and certifying the academic standards accomplished by a student and projecting them far and wide as an objective and impartial indicator of a student's performance. The evaluation process consists of three components; evaluation based on External examination, and Internal examination and Continuous Evaluation.

For project the evaluation will be as following

A	Continuous Evaluation and Internal VIVA (I)	(Internal Assessment- 60 Marks)
B	External VIVA(V)	(External Assessment-140 Marks)

For subjects other than projects the evaluation will be as following:

A	Continuous Evaluation(I)	(Internal Assessment- 50 Marks)
B	Mid-Semester examination(M)	(Internal Assessment-30 Marks)
C	End –Semester Examination(E)	(External Assessment-70 Marks)

5. Passing Standards

The students have to qualify the below mention criteria to pass the subjects and examination.

Passing standards for Project

Component	Maximum Marks	Passing (40%)	Overall Passing Criteria (50%)
External VIVA –(V)	140	56	Aggregate 50% (100 out of 200)
Continuous Evaluation and Internal VIVA–(I)	60	24	
Total	200	-----	100

Passing standards for Subjects other than Projects:

Component	Maximum Marks	Passing (40%)	Overall Passing Criteria (50%)
External Exam (University Exam) –(E)	70	28	Aggregate 50% (75 out of 150)
Mid-Semester Exam (institute/ institute Level)-(M)	30	12	
CEC- Attendance, Class work, Quiz, Assignment, Projects etc. –(I)	50	20	
Total	150	----	75

Students scoring less 40% in any of E M I V will have backlog in that subject and need to reappear for remedial in the components where they have backlog.

6. Grading System

The university adopts the grading system. The marks will be converted in to equivalent to 100 and grades will be assigned as follow:

Total Marks	Grade	SPI credit
85-100	AA	10
75-84	AB	9
65-74	BB	8
55-64	BC	7
45-54	CC	6
40-44	CD	5
Less than 40	FF	0

The performance of students during the semester is indicated in Semester Performance Index (SPI) that is calculated as follow.

$$SPI = \frac{\sum_{i=1}^n C_i G_i}{\sum_{i=1}^n C_i}$$

Cumulative Performance Index (CPI) is calculated using the above formula only but reflects the Cumulative Performance of all the semesters.

SPI/CPI	Class
Below 5.5	Pass Class
5.5 & above	2 nd class
6.5 & above	1 st Class
7.1 & above	1 st class with distinction

Conversion of SPI and CPI into the percentage

The SPI or CPI can be easily converted into percentage using the following formula.

$$\text{Percentage} = \text{CPI or SPI} - 0.5 * 10$$

7. Reassessment And Rechecking Rules

If students are not satisfied with the University examination result, they can go for the Reassessment or Rechecking.

Rules of Reassessment

1. Reassessment is permitted only in the university theory exam.
2. For reassessment, students must apply within 3 days after the declaration of the results.
3. During the first reassessment, if the difference is less than 15% of max. marks of subject (i.e if total marks are 70 marks, then 10 marks of difference and if the paper is of 80 marks, then 12 marks of difference), then no second reassessment will be done, and no change of marks will be declared. But if the difference is more than 15%, a second reassessment will be done, and the result will be nearer to the original result.
4. A student failing in more than 2 Subjects will not be eligible to apply for reassessment.
5. Reassessment can be applied for a maximum of two subjects per semester.
6. The result of the student revised on account of reassessment shall not entitle the student to medal/prize.
7. A student can apply for reassessment of his own answer books only.
8. For reassessment, no fee shall be returned irrespective of whether the marks are changed or not.
9. Fees for Reassessment is Rs. 250/- for one subject and Rs. 500/- for every additional subject.

Rules of Rechecking

1. For rechecking, students must apply within 3 days after the declaration of the results.
2. Rechecking is permitted only in the university theory exams.
3. Student can apply for any number of subjects for rechecking.
4. The result of the student revised on account of rechecking shall not entitle the student for medal/prize.
5. A student can apply for rechecking of his own answer books only.
6. For rechecking, in case there is a change of marks, the rechecking fee shall be returned.
7. The fee for Rechecking is Rs. 100/- for each subject.

8. Remedial Examinations

1. Backlog in university examination of any subject needs to be cleared by appearing in the remedial examination of the university.
2. Backlog in 1st semester needs to appear in remedial in the second semester and so on.
3. Total of 7 chances will be given to clear the backlog.

9. Detention

At any point of time, the student can have maximum 4 backlogs (FF) pending. If backlogs are more than 4, the student will get detention. Student will be eligible to rejoin when S/he clear all or some of the backlogs and backlogs are 4 or less. For calculation of detention Immediate previous semester, backlogs are not counted for detain purpose.

13. Teaching-Learning Process

The teaching-learning process, as well as the seamless running of all academic activities, are critical to students' professional success. Faculty and staff of Shri Jairambhai Patel Institute of Management – SJPI are continuously putting forth their best efforts in the classroom.

Shri Jairambhai Patel Institute of Management – SJPI has transitioned to a hybrid model of teaching and learning that includes physical courses, online classes, and tutorials. In general, courses are held in the Institute's classrooms, with students and teachers physically present inside the learning environment. However, depending on the needs, part or all classes may be conducted online. Students are also expected to perform some self-study of a subject's themes under the supervision of the teacher.

Conduct Of Classes:

1. All physical or online classes are held by the individual faculty members in the assigned classroom at the prescribed period, precisely according to the timetable. Before the faculty member comes, students must be properly seated with their class notes, books, or other study tools. It is not permitted to enter the classroom or laboratory after the start time has passed by 5 minutes. Once the faculty member begins the teaching-learning activity, absolute quiet must be maintained.
2. A faculty member may use the black/whiteboard, project a presentation on the LCD projector in the classroom or do both at the same time while instructing. Students must pay attention, take enough notes in their notebooks, and follow the faculty's instructions. It is forbidden to use mobile phones to take photographs or record videos in the classroom or laboratory.
3. Students can ask professors if they have any doubts or are unsure about something. In the classroom, it is greatly encouraged to ask questions. Students must fully engage in the teaching-learning process and work cooperatively with faculty members for interactive discussion, question-answering, and clarification of doubts.
4. Maintaining strict classroom discipline is required. At all times, students are responsible for ensuring a healthy academic atmosphere. If a student is not paying attention in class, converses with other students,

causes noise or disruptions, is found sleeping or using a mobile phone or engages in any other activity that is considered inappropriate and hurts others, the faculty member has the authority to ask the student to leave the classroom or to make any other decision she or he deems appropriate. The Director will take strict disciplinary action against the student, which may include prohibiting the student from attending further classes in that subject, prohibiting the student from attending classes in any subject, prohibiting the student from taking the examination, imposing a penalty, or a combination of these.

14. Tutorials

Faculties may engage in tutorials for reinforcement of lecture content, problem-solving, and addressing queries.

Discussion-based tutorials:

These tutorials focus on a deeper exploration of course content through discussions and debates.

Problem-solving tutorials:

These are common in math, science and engineering and focus on problem-solving processes and quantitative reasoning. In the MBA programme it would mor of solving the numerical.
